Unclassified Summary of Final Determination

<u>Date of Final Determination</u>	<u>Detainee Name</u>	<u>Detainee ISN</u>
18 FEB 2016	Majid Mahmud Abdu Ahmed	41

The Periodic Review Board, by consensus, determined that continued law of war detention of the detainee is no longer necessary to protect against a continuing significant threat to the security of the United States.

In making this determination, the Board noted the detainee's relative candor in discussing his time in Afghanistan, acceptance of the mistakes he made, and a credible desire to not repeat those mistakes. Further, the board considered the detainee's age when he went to Afghanistan and having matured since entering detention, the detainee's compliance while in detention at Guantanamo, and that the detainee has taken opportunities to educate himself while at Guantanamo.

The PRB recommends the detainee be transferred with appropriate security assurances as determined by the Guantanamo Detainee Transfer Working Group. The Board strongly recommends resettlement to an Arabic-speaking country and also recommends resettlement with reintegration support.
