Date of Final Determination	Detainee Name	Detainee ISN	
07 OCT 2021	Haroon al-Afghani	3148	

The Periodic Review Board, by consensus, determined that continued law of war detention of the detainee is no longer necessary to protect against a continuing significant threat to the security of the United States.

In making this determination, the Board considered the detainee's lack of a leadership role in extremist organizations and his lack of a clear ideological basis for his prior conduct, the detainee's affiliation with HIA and its current role in the Government of the Islamic Republic of Afghanistan, the support available to the detainee from the Government of the Islamic Republic of Afghanistan, the "Life After Guantanamo" project, and his family, the detainee's remorse for the effects of past activities on his family and his desire to rebuild their family life, the detainee's efforts to put together a constructive plan for the future and the detainee's extensive efforts to take advantage of educational opportunities in detention.

The PRB recommends the following conditions that relate to the detainee's transfer: Appropriate security assurances as negotiated by and agreed to by relevant USG departments and agencies.
