

PERIODIC REVIEW BOARD INITIAL HEARING, 29 SEP 2015  
**ABDUL RAHMAN AHMED, ISN 441**  
DETAINEE STATEMENT

Thank you for giving me the opportunity to speak to you and tell you about myself. My name is Mansoor Ahmed Said Adayfi. I will recount aspects of my life as a detainee here, which I hope you will consider as a strong indication of the life I will lead after I am released.

For the last five years, since I was moved to communal living [REDACTED] I have been cooperative and working hard. I was given a lawyer in 2009 and he helped me. The last five years for me were a time for education, rehabilitation, maturation, and preparation for my future life.

I have done my best to take advantage of any opportunity to educate, rehabilitate and prepare myself, by taking as many classes here as possible. Also, I like to study and to learn about other civilizations and cultures. I believe that the preparation for my new life starts here.

As you can see, I can speak English, and I am proficient in reading and writing, although there are times I struggle to find the right words. English classes were given at my school in Yemen, but to become fluent I started to teach myself at Guantanamo using the book "Around the World in Eighty Days." It took me eight months to finish the book. A guard here taught me grammar, when he saw I liked learning English. He would call me and say "class time."

When I learned English, the language opened a door for me, opened my eyes. I could read newspapers, watch American TV channels, and interact with the camp staff. I became a new person. I saw a new world, as I became wiser, more patient, more mature.

Now that I know English, I am taking Spanish classes here. The classes I have taken are

- GED – I have finished the course but we are not able to get a certificate.
- Computer (Windows Vista and Windows 7)
- English (proficient in writing and reading)
- Microsoft Office (Word, Powerpoint and Excel)
- Typing (English 40 wpm, Arabic 20 wpm)
- Math (Algebra and Geometry)
- Science
- Art
- Spanish
- Nutrition
- Behavioral Health (Meditation, Stress Management)

I studied hard and did well on my tests. Three of my teachers here have written statements for you about me.

I would like to go to college, to earn a degree in IT (information technology). I like to educate myself and I like to learn. Also, I like computers and it is the future, and there is a demand in the job market. Last month, I asked one of the guards about IT and he gave me a list of books. I need to work and get my college degree to have a good life.

I also have taught other detainees computer basics, English, Arabic, Math and Sports. When I am asked, I help other detainees and sometimes guards translate between Arabic and English.

My PRs told me that you are familiar with the Yemen Milk and Honey Farm study. During the many months this project took, I improved my English and learned about starting a business. I studied different topics for the business, like energy from windmills. I read articles from newspapers and magazines to learn different subjects, then wrote about them. I learned to work as a team. Some of the other detainees laughed at me, saying this was an imaginary project. When the book was finished, we had a celebration and spoke about some of the chapters to teach the others. Then some of the other detainees said they wanted to learn about business also.

I have been working hard here to get a decent life when I'm released, and to help my family, especially my father, mother and my two unmarried sisters. My father is about 75 years old and has lost one of his eyes. He has back pain which prevents him sometimes from moving and he is the only financial supporter for my mother and sisters. My mother is about 70 years old and she has some health problems. She has missed me so much. She told me in a phone call, "My son, I wish to see you and hug you, then, if I die I will be happy and satisfied. I'm afraid that the sorrow and the longing for you my son will kill me before I see you." She asked me to convey her message to the U. S. government, that she will send all her gold to the U. S. government if they agree to release me. That was my mother's message to you ladies and gentlemen. My mother is a villager who knows nothing about the outside world. She never heard about America until 2007 when she was told that I was detained here at GTMO.

I miss my parents and I'm afraid of losing any of them while I'm here. I pray every day for them so I can see them again and also they can see my children. It is very hard to wait for a phone call just to hear that my parents and family are still alive, especially under the current circumstances in Yemen.

We have very strong family ties. My sisters and I write very long letters to each other. I read a book about how to raise children and I wrote 60 pages to one of my sisters about this. She said it opened her eyes about how to talk to her children and how to teach her children for their future. I suggested she teach them computers and English, and buy some video games and movies for them. I have promised my sisters that I will help them to finish their education in college.

In one of my family calls, I was asked to agree to marry my uncle's daughter, my family wanted to arrange my marriage. I could not agree because I do not know her and I do not know what she wants or what she thinks of me. When I leave here, I hope to marry an educated lovely woman who can be my friend and my wife. Together we'll build an educated and happy family. I will be a good husband and a loving father. I'll have children so I can play, hug, and love them and I will give them everything I never had in my childhood. I will teach them the best of life.

I have become a better man in the last five years. In my first years at Guantanamo, I was confused and angry about my circumstances here. I had lived in the mountains in Yemen and was only 20 years old, when I came here. For the first three months, I did not know where I was or what was happening. I was scared all the time. I said many things then because I was angry and scared. I made mistakes, I did stupid things. I regret that now.

Now I am a man, I have learned a lot and I have very different thoughts and opinions. I now live [REDACTED] with the other "open-minded" detainees. I enjoy American culture. I have become a fan of Taylor Swift. I enjoy watching shows like Boston Legal and Little House on the Prairie.

When I leave here, I will go to college; I am determined to do that. I advise myself, "Think about the future." I don't want to keep reliving the past. I do not want the Guantanamo experience to affect the rest of my life. What has been done, is done. I miss my family, my sisters, and my brothers. I miss my life and my freedom. I miss the world.

Thank you for listening to me and considering my case.

1- The behavior of ISN 441 inside the classroom:

- He is serious in studying. Specially, if the subject is interesting his desires.
- I am teaching him science and Life Skills; he likes the subject "Information of Technology" (IT). He is trying to improve his skills in (IT). Actually, he has the ability to be improved in this field.
- He is smart when he concentrates at the subject, while he is not patient and become nervous if he couldn't understand other subjects.
- He is hasty, rash, and talks fast, sometime let others misunderstand him or follow his idea.

2- The interaction of ISN 441 with others in the classroom:

- Most of the classes that I gave ISN 441 were individual classes [REDACTED] in 2013). Also, I gave him some classes in [REDACTED] 2012 with group of students; he wasn't that co-operative with others, he was overweening and arrogance.
- Generally, he tries to isolate himself from others during studying.
- During this year 2015; he takes all classes when he was individual, but he refused to take any class with others.

3- The interest of ISN 441 in American/ Western topics:

- He is very impressed and overwhelmed in American and Western topics; he likes their society, live styles, technology, and social culture like; movies, songs, and fine arts.
- He is flexible minding, accepting others believes, accepting others cultures and opinions.
- Generally, he likes to live within the Western societies.

4- The interaction of ISN 441 with the guards and/ or Camp staff:

I gave ISN 441 classes in several locations 

Regularly, I spend 45 to 90 minutes during each class; it is not easy to judge any student during this short of time. But, as I noticed during that short time; that ISN 441 was good behavior and try to be friendly with the guards.

Generally, ISN 441 respects and well mannered with the guards, but not easy to give my opinion of his behavior with the Camp staff.

5- My other thoughts and comments about ISN 441:

- He is very co-operated and respected with instruction teachers, interrogators staff, and legal personal.
- Sometimes, he behaved differently (dose not co-operate) with medical staff and with his room made inside the block.
- Sometime, he is jealous and zealous from his friends.
- He is very ambitious to complete the GED program and he is working hardly to fulfill this target.
- He is a good writer and writes much but he repeats his ideas several times in the same subject which weak the theme.

### Pre-Algebra Placement Test

To receive the full benefit of this test, watch the student to ensure he has mastered the concepts presented in Pre-Algebra.

If he demonstrates proficiency, he is ready to move on to Algebra 1.

If he struggles with the material on this exam, he should begin in Pre-Algebra.

1)  $(-8) + (-25) = -33$     2)  $(-7) \times (-15) = 105$     3)  $(11) - (-6) = 17$     4)  $(-45) \div (9) = -5$

Simplify.

5)  $-13 = -1$     6)  $(-5)^2 = -25$     7)  $(-8)^2 = 64$     8)  $(-\frac{2}{3})^2 = +\frac{4}{9}$

Write in exponential notation.

9) 95.214

$9.5214 \times 10^1$

Write in standard notation.

10)  $1 \times 10^3 + 8 \times 10^2 + 2 \times 10^1 + 5 \times 10^0 + 6 \times \frac{1}{10^1} = 1825.6$   
 $1000 + 800 + 20 + 5 + 0.6 = 1825.6$

Simplify each expression.

11)  $\sqrt{100} = 10$

12)  $\sqrt{Y^2} = Y$

Simplify and solve for the unknown. Use order of operations as needed. Check your work.

13)  $8 + 2 + 5^2 - Y = 2(Y + 1) + 6$

$16 + 25 - Y = 2Y + 2 + 6$

$41 - Y = 2Y + 8$

$41 - 8 = 3Y$

$33 = 3Y \rightarrow Y = 11$

14) Check

$8 \times 2 + 25 - 11 = 2(11 + 1) + 6$

$30 = 30$

15)  $8M - 4M - 6 - 3 + 5M = 8^2 - 1$

$9M - 9 + 5M = 64 - 1$

$4M + 5M = 64 - 1 + 9$

$9M = 72$

$M = 8$

16) Check

$8(8) - 4(8) - 6 - 3 + 5(8) = 8^2 - 1$

$64 - 32 - 9 + 40 = 64 - 1$

$63 = 63$

17)  $(-3)^2 + 9 + 6 = D$

$9 + 9 + 6 = D$

$1 + 6 = D$

$D = 7$

Solve for the unknown.

18) Check

$(-3)^2 - 9 + 6 = 7$

$9 - 9 + 6 = 7$

$7 = 7$

19)  $\frac{1}{8} = \frac{7}{Y}$

$Y = 56$

20)  $\frac{11}{12} = \frac{A}{48}$

$A = 44$

- 21) Allen has a debt of \$500. He owes equal amounts to ten different people. Express his debt to one person as a negative number.

$$= \frac{-500}{10} = -50$$

- 22) If Silas added 5 years to his age, he would be 39. How old is Silas now? Write as an equation and solve.

$$x + 5 = 39$$

$$x = 39 - 5$$

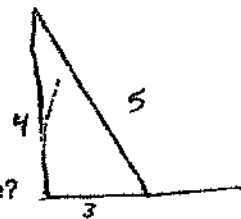

$$x = 34$$

- 23) Three times a number, plus eight, equals two times the number, plus ten. Write an equation and find the number.

$$3x + 8 = 2x + 10$$

$$3x - 2x = 10 - 8$$

$$x = 2$$

- 24) A triangle has sides of 3 inches, 4 inches and 5 inches. Is it a right triangle?

$$c^2 = a^2 + b^2$$

$$25 = 9 + 16$$

$$25 = 25$$

Yes.

- 25) One out of eight students has red hair. If there are twenty-four students, how many have red hair?

$$\frac{1}{8} \times 24 = ?$$

- 26) A room is 15 feet long, 13 feet wide, and 10 feet high. The walls, ceiling, and floor are all to be painted the same color. How many square feet are to be painted?

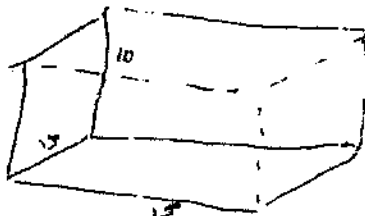

$$15 \times 13 \times 2 = 390 \text{ ft}^2$$

$$10 \times 13 \times 2 = 260 \text{ ft}^2$$

Dear Baff Jovels

Good morning. Today is a lovely day, it's 7 o'clock a.m. at  
Tucson time. It seems we are having a nice day today. As for me  
everyday is a nice day and good day because one of the things I want  
here to live day by day, so I decided long ago that every day will be  
a good day. Detainees and guards usually ask me, why I am happy and  
smile all the time? I told them it's simple, first I want to be happy  
and it's in my hands to choose whether my day will be a good or bad  
day, and I tell them we got only what to live on this earth and it's up  
to us to make our life short or long, happy or miserable, and it's better  
than hundreds of millions of people who either suffer from health problems  
or live in condition worse than the one that I live in (Thank God). We need  
to learn how to live our not just a live but a happy live regard less  
the circumstances around us, and it's simple, when I wake up in the  
morning I say to myself it is a new day, new chance, new hope and new  
me, and what happened yesterday it was for yesterday, what I am  
in my hands is today.

I think it's a huge blessing that we have new days in our lives. It  
is an unspoken message for us that we have to start new and fresh every  
day as we're given a new day.

I have received a letter from you (Saturday) on Friday August 7, 2015.  
Thank you very much for the letter, and I appreciate that you and [REDACTED]  
[REDACTED] accepted to be my PC's. I am happy to have you in  
the team, I mean it, and means a lot to me. For the last 14 years I've  
tried to get a lawyer but no one agreed to represent me, I wrote to different  
lawyers and law firms, I even wrote to Constitutional Right Center, but I never  
get an answer. One of the lawyers in 2015 said something but one badly when  
of the detainees asked him to represent me. I always wonder why civil rights  
lawyers don't want to represent me, I still couldn't find the answer.

I've read your letter; I can see that you are successful person in your life, and it seems that you have a serious personality.

About my letters that you have read, I feel embarrassed. Please don't take everything you found in them, and please don't rush to judgment about me through my letters, because some of them were written under different conditions, circumstances and different period of my age, and some meant to carry different message not actually written in words and some of them meant to reflect the situation which I was live in. Sometimes I wrote crazy stuff I know that, trust me sometimes when I read what I wrote in the past I ask myself, am I really the one who wrote that? And I laugh at myself.

As you and [REDACTED] became my PC's I think you have a right to know about my background, I will try to write some.

Please my regards to you and to your family especially the new comers, and to everyone you love.

Also my regards to [REDACTED]

Love be with you. God bless you all.

Sincerely, Mansoor
