Unclassified Summary of Final Determination

<u>Date of Final Determination</u>	<u>Detainee Name</u>	<u>Detainee ISN</u>
23 MAR 2016	Mohammed Al-Ansi	29

The Periodic Review Board, by consensus, determined that continued law of war detention of the detainee remains necessary to protect against a continuing significant threat to the security of the United States.

In making this determination, the Board considered the significant derogatory information regarding the detainee's past activities in Afghanistan. Further, the Board noted the detainee's lack of candor resulting in an inability to assess the detainee's credibility and therefore his future intentions.

The Board looks forward to reviewing the detainee's file in six months and encourages the detainee to continue to be compliant, continue taking advantage of educational opportunities and continue working with the doctors to maintain his health. The Board encourages the detainee to be increasingly forthcoming in communications with the Board.
