Unclassified Summary of Final Determination

<u>Date of Final Determination</u>	<u>Detainee Name</u>	<u>Detainee ISN</u>
06 JUL 2016	Muhammed Rajab Sadiq Abu Ghanim	44

The Periodic Review Board, by consensus, determined that continued law of war detention of the detainee does not remain necessary to protect against a continuing significant threat to the security of the United States.

In making this determination, the Board considered the detainee's improved behavior in detention since mid-2013, the detainee's relative forthrightness with the Board regarding his activities prior to detention, to include fighting in Afghanistan with the Taliban, and the detainee's comprehension of and remorse for the effects of his actions on others. The Board also noted the detainee's candor and detail provided to the Board regarding his change in mindset while in detention, the detainee's efforts to expose himself to other cultures while in detention, and the detainee's decision to take advantage of educational opportunities while in detention.

The PRB recommends that the detainee be transferred with appropriate security assurances, as negotiated by the Envoys and agreed to by relevant USG departments and agencies. The Board recommends no transfer to Yemen, consistent with the detainee's stated desire, and transfer to preferably a Gulf country with reintegration support, the capacity to implement robust security measures, and the ability to keep the detainee productively engaged.
