Unclassified Summary of Final Determination

<u>Date of Final Determination</u>	<u>Detainee Name</u>	<u>Detainee ISN</u>
22 SEP 2016	Zayn al-Ibidin Muhammed Husayn	10016

The Periodic Review Board, by consensus, determined that continued law of war detention of the detainee remains necessary to protect against a continuing significant threat to the security of the United States.

In making this determination, the Board considered the detainee's past involvement in terrorist activity to include probably serving as one of Usama Bin Ladin's most trusted facilitators and his admitted abilities as a long-term facilitator and fundraiser for extremist causes, regardless of his claim that he was not a formal member of al-Qa'ida. The Board also noted the detainee's responses to the Board which minimized his relationship with al-Qa'ida and contradicted statements he previously made, such as "We and the sheikh (Usama Bin Ladin) are one. We have been working together for almost 10 years, but we were hoping to keep this work secret...hidden. We were forced to make ourselves known because of what took place in Afghanistan and thereafter."

Furthermore, the Board considered the detainee's susceptibility to recruitment by extremists due to his continued feeling of an obligation to defend and support oppressed Muslims. Lastly, the Board noted that it received no information regarding whether there are any potential receiving countries that could sufficiently mitigate his threat, and looks forward to such information being presented in future reviews.
