**Unclassified Summary of Final Determination**

<u>Date of Final Determination</u>	<u>Detainee Name</u>	<u>Detainee ISN</u>
09 JUN 2016	Sanad Ali Yislam Al Kazimi	1453

The Periodic Review Board, by consensus, determined that continued law of war detention of the detainee remains necessary to protect against a continuing significant threat to the security of the United States.

In making this determination, the Board considered the detainee's close and prolonged relationships with senior al-Qa'ida members, including after 9/11. The Board also noted the detainee's military training, his probable familial ties to al-Qa'ida in the Arabian Peninsula (AQAP), his history of violence and non-compliance toward the guards and interrogators, and his vague plans for post-detention life.

The Board greatly appreciated the detainee's candor and sees his devotion to his family as a positive. The Board recognizes the detainee's increased cooperation with detention staff and appreciates his personal development. At the 6-month file review the Board looks forward to seeing: continued compliance; increased engagement with mental healthcare staff to further improve his skills for dealing with conflict, stress, and change; continued participation in coursework at GTMO; and greater detail on his post-detention plan if family reunification is not possible in the near future.
