## GUANTANAMO DETAINEE FILE REVIEW

**Detainee ISN: YM-242**

<b>Detainee Name</b>	Khalid Ahmed Qasim
<b>Detainee Aliases</b>	<i>See Compendium</i>
<b>Nationality</b>	Yemeni
<b>Date of Birth</b>	21 January 1977
<b>Arrival at Guantanamo</b>	May 2002

Khalid Ahmed Qasim (YM-242) received basic and advanced instruction in al-Qa'ida's al-Farouq training camp before 9/11 and possibly provided weapons training to militants. He has continued to express support for extremism and has remained noncompliant with the detention staff at Guantanamo, according to Joint Task Force-Guantanamo (JTF-GTMO). We have not received information since early 2014 about the active involvement of two of Qasim's brothers in terrorist activities; however, we assess that they probably could facilitate Qasim's reengagement if he were transferred, based on their historical ties to AQAP.
