The Periodic Review Board, by consensus, determined that continued law of war detention of the detainee remains necessary to protect against a continuing significant threat to the security of the United States.

In making this determination, the Board considered the long-term membership and leadership position in Hezb-e-Islami Gulbuddin (HIG) and his extensive time spent fighting Coalition forces. Further, the Board noted the detainee's lack of a realistic plan for the future. Due to his lack of credibility and truthfulness, as well as his evasiveness and vague answers, the Board is unable to assess the detainee's intentions for the future and claimed change of mindset.

The Board encourages the detainee to continue to work with his family and representatives on his future plans and to be forthcoming with the Board in future reviews.
