Unclassified Summary of Final Determination

<u>Date of Final Determination</u>	<u>Detainee Name</u>	<u>Detainee ISN</u>
01 DEC 2016	Salman Yahya Hassan Mohammad Rabei'i	508

The Periodic Review Board, by consensus, determined that continued law of war detention of the detainee is no longer necessary to protect against a continuing significant threat to the security of the United States.

In making this determination, the Board considered the detainee's low level of involvement with fighting and minimal training prior to detention. The Board also noted that the detainee demonstrated greater candor than in his initial hearing and provided details of pre-detention activity consistent with the available detainee profile, that the detainee does not currently demonstrate an extremist mindset or appear to be driven to reengage by extremist ideology, and that the detainee has been mostly compliant in detention. Finally, the Board considered the support network available to the detainee upon transfer from family and others, and the family's disapproval of terrorist involvement by two of the detainee's brothers and efforts to separate themselves from those brothers.

The Board recommends resettlement, preferably to a GCC country with a strong rehabilitation and reintegration program, with the appropriate security assurances as negotiated by the Special Envoys and agreed to by relevant USG departments and agencies.
