Unclassified Summary of Final Determination

<u>Date of File Review Determination</u>	<u>Detainee Name</u>	<u>Detainee ISN</u>
12 February 2015	Tariq Mahmoud Ahmed Al Sawah	535

The Periodic Review Board, by consensus, determined continued law of war detention of the detainee is no longer necessary to protect against a continuing significant threat to the security of the United States.

In making this determination, the Board considered the detainee's change of ideology and renunciation of violence and his status as one of the most compliant detainees at Guantanamo, as well as his recognition of his health status and his efforts to improve it. The detainee is not in communication with extremists outside of Guantanamo and his family has committed to assist in his reintegration upon transfer.

The PRB recommends that the detainee be transferred to a country with appropriate support, including adequate medical care, subject to appropriate security assurances as determined by the Guantanamo Detainee Transfer Working Group.
