Unclassified Summary of Final Determination

<u>Date of Final Determination</u>	<u>Detainee Name</u>	<u>Detainee ISN</u>
31 MAR 2016	Suhayl Abdul Anam al Sharabi	569

The Periodic Review Board, by consensus, determined that continued law of war detention of the detainee remains necessary to protect against a continuing significant threat to the security of the United States.

In making this determination, the Board considered the detainee's past involvement with terrorist activities to include contacts with high-level al Qaeda figures, living with two of the 9/11 hijackers in Malaysia, and possible participation in KSM's plot to conduct 9/11-style attacks in Southeast Asia. The Board noted the detainee's refusal to admit the extent of his past activities, as well as his evasive and implausible responses to basic questions. Further, the Board considered the detainee's defiant behavior while in detention, which has only recently changed to be more compliant, and the detainee's lack of a credible plan for the future.

The Board looks forward to reviewing the detainee's file in six months and hopes to see continued compliance in detention, continued participation in educational opportunities, a more thoughtful articulation regarding handling the challenges of resettlement, and candor with the Board.
