<u>Date of Final Determination</u>	<u>Detainee Name</u>	<u>Detainee ISN</u>

The Periodic Review Board, by consensus, determined that continued law of war detention of the detainee remains necessary to protect against a continuing significant threat to the security of the United States.

In making this determination, the Board considered the detainee's long history of working with the LIFG and al-Qaeda and the fact that he played a significant role in al-Qaeda operations including his role as an explosives expert and trainer.

The Board's inability to assess the detainee's current mindset and level of threat due to his refusal to meet with his personal representative, the lack of submission of any new materials, and his decision not to attend the hearing.
